Dear Parents and Students,

3 Items

1. Congratulations to the 2009 Section Leaders and Drum majors!!!

To all the candidates, Great job!! I hope this process made you better. Please come by and talk with me about what you can do to be better for next year. Also keep in mind, that everyone is always taking a "snapshot" of you as a member of the section. As you look at this year's leaders, you might look and see a "snapshot" of a not so good moment in your new leader's past. Unfortunately we all have those moments. Limit those moments this year so that you can lead without fear from anyone next year. Be the best example that you can be always!!

To all new section leaders, remember the "snapshots" (good and bad) that some of the members in your section have of you. Give 100% of yourself to make your section the best section, best band ever.

2009 Section Leaders & Drum Majors
