

Section Field Duties

The section assigned for the weeks duties are responsible for every practice held that week, Monday through Saturday. This includes Fridays before football games, and Saturdays before competitions. Everything needs to happen on Fridays and Saturdays except lining the field. You will only need to arrive about 30 minutes early.

Every practice the week that your section is assigned to set up, it is your sections responsibility that everything on this list gets done. It may be helpful to break down each task into groups. If you have any questions, call Anthone', Shelby, or Jessie.

Every week, a different section will be assigned the following tasks:

BEFORE PRACTICE:

- Get the key from B
- Line and dot the field on Tuesday
 - Remember to line the front and back sidelines, along with the hashes
 - Dot only the 4 step intervals in between the yard lines (*use the special rope that is already marked off if the dots have washed off*)
 - One person needs to take the line painters behind the shed near the dumpsters and wash them off with water - there is a hose back there - pull the handle up to get water going - ***be careful the water is HOT***
 - Be sure to put up the equipment in the right spot when you're finished!
 - YOU WILL NEED TO BE HERE AN HOUR EARLY FOR THIS TASK!! ANY DAYS YOU ARE NOT LINING THE FIELD, YOU ONLY NEED TO BE HERE 30 MINUTES EARLY
- Get water in the coolers
 - Ice too!!
 - Be sure the coolers are put onto the cart right
 - Make sure there are PLENTY of cups in the cup holders
- Roll the water cart out to the field and put it on Side 1
- Get the yard markers and cones out of the tower shed and set them up on the right yard lines
- Roll drum major podiums out of big shed - two small podiums on the 35 yd lines.
- Locate a trash can (or recycle bin) to set out on the field – (normally in big shed)
- Set up the trash can near the water station

AFTER PRACTICE:

- Empty the water and ice out of the coolers and roll the cart back to the band room
 - Place the coolers upside down with the lids off so they can air out
- Take yard markers and cones and put them away in the tower shed
- Ask drum majors if they need help putting up the podiums
- Empty trash can in dumpster behind the big shed (*by the cafeteria*)
 - Make sure all trash is picked up off the field!

Later on into the season any trash left out on the field, and counted by a leader, will result in full band punishment depending on how much trash there is.
