

April 21, 2010

Dear Parents and Students,

1. Amanda will be discharged today.
2. In an attempt not to have a lot of food go to waste, Alisha from Parkview Baptist Church has called to coordinate some meals for the family. They will be taking care of meals for the Mills tonight (Wednesday 4/21). They have asked if we could do Thursday and Friday night. The meal would need to serve about 20. The majority of their family should be in by Dinner time on Thursday. Parkview and The Boosters will both take care of meals all day on Saturday. I would like to send an email out this evening with the names of the Boosters that would like to provide the meals for Thursday and Friday. If you are interested please call or email me.
3. They have begun planning the funeral services. The date and times have not yet been released. Lori just sent out a text stating that information concerning the services will be released late tomorrow. Parkview church will be taking care of the meals in and around the funeral services.
4. There was a huge response from booster dads wanting to help with the lawn at Mike's house. Mike took care of the lawn this past weekend so the yard is in good condition. The house was also left in good condition. Glen and John tidied up a bit yesterday.
5. Checks for the Mills Family can be written to: HHS Band. We will wait until Monday to write them a check. If more money is collected after Monday, we will write another check at the end of the week.

Lori and Mike just want to express their thanks for all of the love and well wishes that many of you have expressed to their family.

Thank You.
