

# Havelock High School Band

---

July 18, 2023

Hello Band Boosters and Parents,

My name is Ronnie Orange and am proudly serving as the Havelock High School Band Booster President. As we start another year of great music and performances, I would like to take a moment to welcome you and share some information regarding our Band Booster Program.

The Havelock High School Band Boosters is a parent volunteer organization dedicated to supporting the students, the band directors, and their excellent music program at Havelock High School. We provide operational logistics for all aspects of the organization and any necessary support to run the program.

The success of any booster organization is determined by those involved. To have a successful program, we need your help! Becoming an active member in our efforts helps promote the success of our children within the music program and helps everyone achieve a higher level of success. Another important part of our efforts is FUNDRAISING! Our fundraising activities help our students offset their band fees. Additionally, funds cover any other costs not maintained by the school district and provide the necessary financial support that keeps the program running smoothly.

I would like to invite all parents or guardians to attend our monthly meetings. These meetings are for all and help guide the future success of the program. Furthermore, these are often the best way for you to find out the latest news about the band's activities and they serve as a great opportunity to socialize with other band parents!

This organization is filled with talented and caring individuals who work extremely hard to support our talented students and our amazing directors, and I invite you to come out and join the Boosters continue the legacy of this amazing program!

Best regards,

Ronnie Orange  
President
